DELAWARE SUICIDE PREVENTION GATEKEEPER TRAINING

Winter 2014
TRAINING SCHEDULE

DELAWARE'S
PROJECT
LIFE
(LIVING IS FOR EVERYONE)

ASIST

WHAT IS ASIST???

ASIST (Applied Suicide Intervention Skills Training) is for caregivers who want to feel more comfortable, confident and competent in helping to prevent the immediate risk of suicide. Over one million caregivers have participated in this evidence based two-day, highly interactive, practical, practice-oriented workshop. ASIST is the most researched suicide prevention skills training world-wide.

FACT #1

Suicide deaths outnumber homicide deaths worldwide each year

FACT #2

Every 2 hours and 11 minutes, a person under the age of 25 dies by suicide

The Workshop

ASIST provides practical training for caregivers seeking to prevent the immediate risk of suicide.

Participants often include:

- people concerned about family & friends
- natural helpers and advisers
- emergency service workers
- counselors, teachers and clergy members
- mental health practitioners
- workers in health, welfare or justice
- community volunteers

The Outcome

The emphasis of the ASIST workshop is on suicide first aid, on helping a person at risk stay safe and seek further help. Attendance at the full two days is essential. Learn how to:

- recognize invitations for help
- reach out and offer support
- review the risk of suicide
- apply a suicide intervention model
- link people with community resources

FACT #3

More than 90% of those who die by suicide have a diagnosable mental illness

ASIST TRAINING DATES

Date	Deadline to Register
February 13-14 <i>New Castle County</i>	February 7

Registration is required. Space is limited.
ASIST is a two-day workshop from 8:45AM-4:00PM.
